

## Keep track of your sample data

### BradyPrinter M611 Mobile Label Printer with Brady Workstation Mobile or Desktop Software

Your sample is only as valuable as the data behind it. Maintain data integrity with high performance identification — stay connected to your data with the BradyPrinter M611 Mobile Label Printer and Brady Workstation Mobile or Desktop Software.

Through data automation, you can seamlessly get your data on your label in a format you need. It's all in the powerful Brady Workstation Express Labels Mobile App that **connects your data to label templates so you keep your data integrity without any extra work**. When it's time to start creating labels, simply pull from your data file and get to work.

With the Express Labels App, you can get your templates on your mobile device or tablet anywhere in your lab via the cloud or email, and get data from preexisting barcode labels using the device's camera. Need to make a change? No problem — this app lets you edit text, change layouts or create labels from scratch. When you've got your labels exactly how you need them, print on the BradyPrinter / M611 via Bluetooth or Wi-Fi. With this powerful software and printer combination, you also get:

- **High-performance printing** with a small footprint when bench space is limited
- **Long-lasting identification** with label materials designed to survive your harsh lab conditions
- **Easy to use templates** for common lab labels

## Label materials

B-number	Material	Description
B-403	Paper	Paper label completely dissolves in warm water within 30 seconds, leaving no adhesive residue behind.
B-461	Polyester	Ultra-thin polyester label with a clear overlamine tail that protects the print and allows liquid levels to be visible.
B-481	Polyester	White StainerBondz™ Polyester with extreme chemical-resistance that withstands the rigours of typical deparaffinisation including ethanol, xylene and H&E staining process.
B-488	Polyester	White Polyester with moderate chemical resistance for short-term exposure to xylene, DMSO and ethanol.
B-490	Polyester	White FreezerBondz™ label ideal for flat frozen surfaces. Adheres to frozen tubes and vials when wrapped around itself by at least 3mm. Can be applied to already frozen surfaces with a small overlap.
B-492	Polyester	FreezerBondz ultra-thin white polyester label for labelling of frosted/frozen or room temperature vials, tubes and canes. Superior chemical and abrasion resistance.
B-498	Vinyl cloth	Repositionable white vinyl cloth label for re-identification of post process tissue cassettes or general lab applications. Can be applied directly onto the cassettes or on top of the previous label.
B-499	Nylon cloth	Thick white nylon cloth with permanent adhesive for easy handling and conformability.
B-7425	Polypropylene	Economical white polypropylene label with moderate chemical resistance, ideal for labelling dry, room temperature specimen containers. Must be applied to containers prior to being frozen.

## Software options

### Brady Workstation Laboratory Identification Suite

Ensure labels for all your lab samples and equipment are crisp, clear and contain all necessary information. Easily design and create labels for your cryovials, centrifuge tubes, bottles, conicals, slides and other samples in your laboratory on this desktop software.

### Brady Workstation Express Labels Mobile App

The Brady Workstation Express Labels Mobile App makes mobile printing convenient and simple. This intuitively designed software integrates touchscreen technology for fast and easy label creation, including label resizing using touch and a native keyboard for more natural typing. To make label creation even more convenient, the app features auto-save capabilities, tools to help you easily enter data onto your label, and easy-to-use editing tools to keep labelling projects moving smoothly.

## Printers

Article No.	Order Reference	Description
149569	M611-AM-BT-W	M611 Label Printer - US
149570	M611-EU-BT-W	M611 Label Printer - EU
199973	M611-UK-BT-W	M611 Label Printer - UK

\* Printer ships with AC adapter/battery charger, USB 2.0 cable, utility strap, PTL-97-488 label material, M61-R4310 ribbon and USB flash drive with product information.

## Kits

Article No.	Description
306858	M611 Label Printer - EU with Brady Workstation LAB Suite
306859	M611 Label Printer - UK with Brady Workstation LAB Suite
306860	M611 Label Printer - US with Brady Workstation LAB Suite
